Pennsylvania Legislature.

The Bill Increasing Pennsylvania Railroad Capital Stock.

GOVERNOR'S VETO MESSAGE.

THE BILL PASSED OVER THE VETO BY THE SENATE.

Special Dispatch to the Pittsburgh Gazette.

HARRISBURG, March 20, 1867.

The most important feature of to-day's proceedings was the following veto message from the Governor. The Senate can pass the bill over the veto, but not so in the House. It has created more talk here than anything of the kind this winter. The following is the message:

EXECUTIVE MANSION,
HARRISBURG, March 20th, 1867.

To the Senate and House of Representatives of the Commonwealth of Pennsylvania:

GENTLEMEN: The act entitled an act to repeal an act entitled a further supplement to the act incorporating the Pennsylvania Railroad Company, authorizing an increase of capital stock and to borrow money, approved the twenty-first day of March, one thousand eight hundred and sixty-six, to authorize the Pennsylvania Railroad Company to increase its capital stock, to issue bonds and to secure the same by mortgage, has received that careful consideration from me which the importance of the subject seemed to demand, and notwithstanding the high respect I entertain for the two branches of the Legislature, and the extreme reluctance I have at any time to differ with them, I am induced by my convictions of duty to dissent from the propriety of the provisions of the bill, and to return it, with my objections, to the Senate, in which it originated. Lest my opinions should be misconceived and misrepresented, I deem it due to myself to make a brief exposition of some of the enactments of the Legislature for the benefit of the Pennsylvania Railroad Company, since the original act for its incorporation, approved April 13, 1846, so far as relates to its capital stock. By the first section of the act of incorporation the capital stock was fixed at seven million five hundred thousand dollars. By an act approved April 23, 1852, the capital stock was increased to thirteen million dollars; May 6, 1852, to fourteen million dollars; March 23, 1858, to eighteen million dollars, and March 2, 1866, to thirty million dollars. With no other objects on my part than to be serviceable to my countrymen, to preserve and transmit unsullied the principles of the true policy of our government, and honorably to perform the trusts, duties, obligations and responsibilities committed to my charge, I proceed to the performance of these objects, as I understand them. I am sincerely friendly to all the railroad and other companies that have aided in the development of the wealth and resources of the State, and while I cheerfully accord the same sentiment to your honorable bodies, I can but regret that there should be any difference of opinion between us on the proposed enactment, and if, in stating my objections, I shall use expressions which may be regarded as too strong, my apology will, I trust, be found in the importance of the subject. I will state them frankly and with as much brevity as possible.

Waiving objections to the first section of the bill under consideration, and waiving also an inquiry as to the legal right to thus authorize the change of the fundamental law of a corporation, and bind the stockholders, I proceed to the consideration of the second, which confers powers of the most extraordinary character upon the directors of the company, providing: "For further facilities required by the increase of the business upon the road, and its connections, and for such other purposes connected with the business as the Board of Directors of said Company may deem expedient, it shall be lawful for the said Board of Directors from time to time to issue additional shares of capital stock of said Company, to such amount as they may determine, and to apportion or dispose of the said shares in such manner and upon such terms as they may think best, and also for either or all of the said purposes to issue from time to time bonds of the said Company, payable at such time as they may appoint."

One of the objects of this bill is for its further increase of the capital stock to retire its present indebtedness, which, according to the President and Directors' last annual report to the Company, is upwards of twenty-six millions of dollars, thus in this way alone increasing the stock over one hundred and thirty per cent., and making it amount to over forty-six millions of dollars. But this is not all. It further intends to increase the business facilities upon its roads and connections, and for such other purposes connected with its business as the directors may deem expedient. Were this bill to become a law, to what amount may not the directors extend the capital stock, with such unlimited privilege? To what branches of business shall it be confined, and to what may it not be extended? and where is the power to keep it within its legitimate functions, if it should deem it proper to depart from them? Its tremendous power, in irresponsible hands, would be unlimited and uncontrollable by any other power short of revolution. It has already obtained in the various chartered privileges the pre-occupancy of nearly every railroad route in Pennsylvania, with the privilege of branches and lateral roads in a large majority of the counties, as shown by official reports. It has, besides, nearly eleven hundred miles of roads in Pennsylvania. Its extensions are to Marietta, Columbus and Cincinnati, Ohio, and to Chicago, Illinois, and it holds large and, in some instances, controlling amounts of stock in other railroad companies. When such extraordinary powers are attempted to be granted for an unlimited period, I consider it contrary to the spirit and intention of our institutions. The present directors, it may be assumed, are honorable gentlemen, for they assert they have good intentions for the public interest, as well as for those of the Company; but time may effect a change and new boards. They may not recognize their duty to the stockholders and the rights and interests of the people, and forgetting their patriotism, might be found arrayed against the country when its services were required. It is not an impossible hypothesis that its capital stock might be extended to one thousand millions of dollars, or even to an amount equal to the present national indebtedness. The whole control of the institution, and of the issue of its bonds, necessarily lie in the hands of a few directors, and not in those of the stockholders whose real interests should be represented. The facilities by which any Board of Directors could perpetuate power in its hands, might be an inviting temptation to monopolize or engross a sufficient number of shares of stock by purchase, and proxies from non-residents to control the vote of the stockholders. The same Board might, by fair means, thus be perpetuated, or, by a dexterous mixing or misrepresenting of accounts, with not much risk or responsibility on their part, might fraudulently control forever the affairs of the company. In my opinion, the stockholders themselves, who, like the people in our form of government, are the true source of power, should closely examine into the responsibilities just presented, if they would preserve and perpetuate their own rights within the corporation. I am not aware of any instance where a company has been destroyed by the immediate action of its stockholders; but where too much power has been placed in the hands of directors and officers of reckless, speculative and adventurous character, the instances of failures and disgrace are almost innumerable. In all the bearings which can be taken upon this measure, in the event of the directory of the road passing into the hands of ambitious and unscrupulous men, I can see nothing but an eventual monopolization of all the railroad privileges of the State, and perhaps of the United States, and such other purposes connected with its business as the Board of Directors of said Company may deem expedient, they being their own judges of what might not be considered connected with their business. May not any and almost every branch of industry, as manufacturing, agricultural and commercial be included? There is danger, too, that with such vast powers, such ramifications in the business departments of the country, and such unlimited capital, there might be reason to tremble for the purity and sanctity of our elections, or what is equally as bad, that our Governors, Legislators, and other State authorities, might be affected with the blandishments of its power, its offices, and its wealth. They could make the rich richer, and the poor poorer. They could, in a word, make their organization a monopoly—a term which a distinguished jurist and law-giver defines to be that which grinds the people between the upper and nether mill stone—and its power would become so great that should any citizen, or even an officer of the Government, attempt to restrain it within its chartered limits and proper franchises, he would be made feel its withering influences. There is always danger in the creation of monopolies, for in proportion as they are increased, are the rights of the citizen abridged. Had such a proposition been made in the early days of the Commonwealth, or even a quarter of a century ago, or when the Company applied for its charter, it would have been rebuked by the people without distinction of party upon its first annunciation. I am not inimical to the Pennsylvania Railroad Company, but I am positively its friend. I honor the management for the energy displayed in the share they have taken, with others, in the development of our State; and am determined that it, and all other corporations, shall be protected and defended in all their rights, privileges and franchises already derived, or that may hereafter be derived from legislative action: but when they ask for unlimited privileges, which can and may be used as engines to threaten, endanger and control the interests or perhaps the very action of the Government, by the absorption of our internal improvements, in every branch of industry within the State, and the holding of many thousands of our people in a dependent condition, they must be refused. It is said that those corporations have had unlimited powers conferred upon them and no evils have resulted, but as far as such cases have been cited, I find upon examination that they were almost without exception conferred upon the stockholders on terms and with limitation, and not upon the directors, and if there were such, and they were known to be wrong in principle, it is one of the best and strongest reasons why the practice should be discontinued. If it is right that the Legislature should confer unlimited powers upon one institution, it has a right to multiply such corporations at its pleasure, and if they should be managed by those whose predilections and interests would be similar, the control of the Commonwealth would be irretrievably committed to their hands, and the sovereignty would depart from the people. If it is deemed necessary for the proper management of the Company that its capital should be increased, let it be done, as heretofore, requested by them, gradually, by the Legislature, just as the necessity for such increase can be clearly demonstrated, and after due notice that it is intended to make application for such increase of capital, and then only at the request of the stockholders.

Prior to the late election I found among the people throughout the State that the important question of railroads, in all its shapes and guises, could not properly be ignored. It was regarded as a matter of such paramount importance that pledges were asked of the gubernatorial candidates, and certain interrogatories addressed to them, to which answers were required. One of the interrogatories addressed to myself was in these words, viz: "Will you, if elected Chief Magistrate of Pennsylvania, faithfully exert the power of your administration to defeat any and every attempt made by legislation or otherwise for the monopoly and control by any one corporation of the railroad policy of the State?" To which I, in good faith, replied, that while I believed it to be improper to bring the influence of the Executive Department to bear upon the Legislative in anticipation of its action, except in the way of recommendation, I am heartily opposed to the creation of any monopoly of the railroad system of the State, or giving any artificial body, created by the law, powers which would place it above and beyond the reach of the legislature; and in my reply I further stated, that the spirit of monopoly in this and other matters should be discouraged in a republican government, and I have no sympathy with any policy which may be designed for its encouragement. And in speaking of railroad companies, I further remarked, while these corporations continue to act their part as public servants, they should be carefully protected; they should not be permitted to overstep their legitimate function as creatures of the law; they should obey and be in every respect subservient to the law.

In accordance with the doctrines thus pronounced, the public have rendered their verdict and expect of me a strict compliance with the pledges then given. These are not new doctrines or principles. They were fearlessly announced in the incipient part of the campaign, and were discussed freely by the people, by the press—, by public speakers generally throughout the State. I feel that I am solemnly bound to obey these pledges, and I have no desire or intention to evade or disobey them. The people may rest satisfied and assured that neither this nor any other pledge given then, when I was asking their suffrages, shall be violated. That the people have an indisputable and inherent right to instruct their public servants and to mould and fashion their institutions to suit themselves, no one, believing in a Republican form of Government will for a moment pretend to deny, and I believe the correlative obligation that those holding office are bound to obey is equally true. Those instructions were conveyed to me in the best possible mode—through the ballot box. Viewing this question without prejudice, no man can doubt that our citizens are earnestly opposed to granting to corporations any unlimited powers which may be converted into monopolies, and which cannot be held subservient to the Legislature and the true interests of the State. A solicitous regard, therefore, for truth and justice has impelled me to the course I have taken upon this subject, and with a full assurance that I have done my duty, I herewith return the bill without my signature.

JOHN W. GEARY.

THE BILL PASSED OVER THE VETO.

The bill authorizing the Pennsylvania Railroad Company to increase its capital stock, borrow money, &c., which Governor Geary vetoed, was passed over his head in the Senate by the following vote:

The following dispatch of Monday's proceedings was not received in time for publication by the Pittsburgh press:

HARRISBURG, March 18, 1867.

SENATE.

The following bills were introduced:

Mr. Connell, incorporating the Philadelphia Woolen Machine Works.

Mr. Taylor, a bill incorporating the Allegheny and Oil Creek Pipe Company.

Mr. Bigham, one incorporating the Union Passenger Railway, of Pittsburgh.

Mr. White called attention to an article in the Pittsburgh *Commercial*, reflecting upon nine Senators who voted in favor of the Free Railroad law. It denounced this law as insignificant and worthless, and intimated that the nine Senators had purposely and insincerely voted for it to delude their constituents, knowing that it was not as liberal as required.

Mr. White asserted positively that they had acted in good faith. They had fought the bill step by step to enlarge its privileges, and had offered countless amendments with that object. Failing in their efforts, they had honestly and sincerely accepted the bill as the best possible to obtain. In voting for it they had been neither knaves nor fools, as intimated by the Western paper, but had calmly and cooly exercised their judgment for the benefit of their constituents. Any assertion to the contrary was a misrepresentation of them and a falsification of history. He denounced the paper as purposely misrepresenting facts.

Mr. Lowry followed in the same strain, and was succeeded by Messrs. Taylor and Bigham, all of whom commented severely on the course of the *Commercial*.

HOUSE OF REPRESENTATIVES.

A communication was received from the Methodist Conference inviting the Legislature to attend their sessions.

The following bills were introduced:

One inflicting a penalty of $1,000 for keeping a gambling-house in Philadelphia, one-half for the informer.

An act to allow colored persons to ride in all public conveyances came up for consideration, and the Democratic members persistently refused to vote, thus exhausting time by the calls of the House, and other parliamentary tactics. At a late hour only forty-five Republicans could be found, which, not being a quorum, the bill could not be passed, the Democratic members remaining in their seats and refusing to vote.

At a late hour the Democratic portion of the House was declared in contempt for refusing to vote, but afterwards purged themselves by explanations and finally voted, when the bill passed by 50 yeas to 27 nays.

The same bill has already passed the Senate. Adjourned.

New York Legislature.

ALBANY, March 20.—Resolutions were offered in the Assembly to-day, protesting against the formation of any government in North America not Republican in form, and appealing to the Government of the United States to interpose its legitimate influence in remonstrance with the British Government against establishing any system of government in North America, the influence of which would endanger the friendly relations of the people of the province of Great Britain with the people of this State.

Massachusetts Legislature.

BOSTON, March 20.—The Senate this afternoon ordered the resolution concerning the amendment to the Constitution of the United States to a third reading, by a vote of 27 yeas to 6 nays, and as the House of Representatives had taken similar action last week, the President of the Senate officially announced that the Legislature of Massachusetts had ratified the amendment to the Constitution of the United States.

Kentucky Republican Convention.

LOUISVILLE, March 20.—The Union Republicans to-day nominated Colonel William A. Bullitt, of Louisville, for Congress, from this district. A large ratification meeting was held to-night at the Court House and resolutions passed endorsing the platform of the Union party adopted February 28th, at Frankfort. Among the speakers were Colonel Barnes, Hon. E. A. Baker, Governor Oglesby and others.

John McMahon, a citizen of Anderson, Indiana, and pastor of the Catholic Church of that place, and what action should be taken for his release.

Mr. LOGAN offered a resolution which was adopted, instructing the Committee on Foreign Affairs to inquire why the claims of American citizens against the British Government, commencing with those reported by the President in January, 1866, and including all since that day, have not been paid, and report what ought to be done to secure the speedy settlement of all such claims.

PUBLIC LANDS.

Mr. JULIAN introduced a joint resolution respecting sales of public lands and pre-emption and homestead claims between the cities of San Jose and San Francisco, California. Referred to the Committee on Public Lands.

Mr. JULIAN asked leave to introduce a resolution instructing the Committee on Public Lands to inquire into the expediency of providing by law for the forfeiture to the United States of lands granted to several States of the South, in 1856, to aid in constructing sundry railroads, which grants have expired by limitation.

Mr. ELDRIDGE objected and the resolution was not received.

COMMITTEE ON LABOR.

Mr. BAKER offered a resolution reciting that in view of greater liberty and a larger recognition of manhood which had followed the rebellion, it was eminently fitting that the government should be placed in better relations to the working people of the country, and instructing the Committee on Rules to inquire into the expediency of constituting a standing committee on labor. Adopted.

Passed.

Mr. HOOPER, from Vermont, presented a memorial of the Legislative Assembly of Deseret, for admission as a State into the Union. Referred to the Committee on Territories.

THE COLORADO CASE.

The contested election case from Colorado was taken up, and after an hour's consideration, the resolution of the majority was adopted, referring the papers and evidence of Messrs. Chilcott and Hunt to the Election Committee, in the meantime Mr. Chilcott to be sworn in as sitting delegate. Mr. Chilcott was then sworn in.

ARTIFICIAL LIMBS FOR SOLDIERS.

A resolution was passed authorizing the Secretary of War to pay a sum equivalent to the contract price of artificial limbs to such disabled soldiers as may prefer it.

SOUTHERN DESTITUTION.

The House went into Committee of the Whole on the joint resolution appropriating one million dollars for the relief of the destitute of the South.

Mr. MILLER withdrew his amendment and Mr. BINGHAM offered an amendment to the joint resolution by inserting a provision directing the Secretary of War to apply the unexpended appropriations for the freedmen's bureau to the purpose of this appropriation.

Mr. BINGHAM'S amendment was decided not in order.

Mr. VAN TRUMP opposed the proposition and said what the people of the South wanted was not bread, but charity. Let them have all their rights as citizens and they will take care of themselves, and neither receive or solicit alms.

Mr. FERNANDO WOOD opposed the resolution.

Mr. BINGHAM moved to add to the proviso offered by Mr. Banks, directing that $50,000 of the amount shall be used for the purchase and distribution of seeds, and an additional proviso that no part of the money appropriated in the joint resolution shall be used until the appropriation heretofore made for food by the existing laws for use of the Freedmen's Bureau shall be first applied to the purpose specified, under the direction of the Commissioner of the Bureau.

A running debate took place between Messrs. Bingham, Stevens, Logan, Schenck, Garfield, Boutwell and others, in which Messrs. Schenck and Stevens argued that the Freedmen's Bureau had now sufficient authority to relieve distress in the South, and that the object of this bill was merely to give alms to sturdy rebels, which Mr. Bingham denied, arguing that the term refugees only applied to persons who were driven from their homes.

Mr. PILE proposed a substitute, authorizing the Secretary of War, through the Freedmen's Bureau, to extend the distribution of food and clothing authorized to be issued to refugees and Freedmen in the rebel States to include destitute women and children, or helpless aged persons.

Mr. BINGHAM appealed to Mr. Pile not to limit it in that manner, but let it apply to all destitute persons.

Mr. PILE suggested that it did include women, children and helpless aged persons.

Mr. BINGHAM demanded of Mr. Pile, whether he meant to say that men of middle age should be left to perish. If so, he would throw down the gauntlet and defy him.

Mr. PILE had no objection to modify his amendment, as the gentleman suggested.

The CHAIRMAN stated that Mr. Pile's amendment was not pending.

Mr. BINGHAM moved the Committee rise that he might move in the House to close the debate.

Mr. DONNELLY suggested a proviso that the total amount to be expended for food should not exceed $1,000,000, unless it became apparent to the Commissioners of the Freedmen's Bureau that further expenditure was absolutely necessary to save men, women and children from death by starvation.

The Committee rose, and Mr. STEVENS moved that the House adjourn. Carried—yeas, 56; nays, 51.

FROM NEW YORK.

Tammany Hall Sold—Price of Ice to be Increased—Peabody Educational Fund—Alleged Abortionist Arrested—Fenian Senate—No United States Troops Sent to the Canadian Frontier.

NEW YORK, March 20.—Tammany Hall was sold to-day to Charles C. Dana and others for $175,000. Possession will be given May 1st.

It is reported that an effort is making to raise the price of ice the coming season to twenty-five per cent.

The Trustees of the Peabody Educational fund assembled this morning to confer. All were present except Mr. Rivers and Bishop McIlvaine. The meeting was strictly private. The Board attend a party this evening at Ex-Governor Fish's, and dine at A. T. Stewart's to-morrow. Friday evening Peabody is to give a banquet at the Fifth Avenue Hotel.

Dr. George Beakley, of No. 48 West 24th street, and a woman named Mary Cole, have been arrested at the instigation of Sanitary Superintendent Dalton, who charges them with having caused the death of Mrs. Elizabeth E. Kimball, (wife of the late Major Kimball, shot by Corcoran), by attempting to produce an abortion. The investigation was commenced to-day.

The Roberts Fenian Senate are holding a special session to consider the subject of extending aid to the leaders of the insurrection in Ireland. President Roberts is to deliver an address, in which he will review the whole subject. It is said it will contain special reference to the effort to convert Canada into a kingdom, and the duty of Irishmen to fight for their fatherland and defend at the same the Monroe doctrine. The *Express* says the rumored dispatch of troops to the frontier arose from the fact that a detachment of New York troops, ordered west from Chicago, departed, and their places filled by other troops.

FENIAN MATTERS.

Excitement on the Canadian Border—United States Troops for Oswego—Startling Rumors at Montreal.

NEW YORK, March 20.—Nine car loads of United States troops, forming an extra train, passed over the Hudson River Railroad yesterday. The men were fully equipped, and had with them all the necessary baggage for a campaign. They are destined for Oswego, and are undoubtedly intended to operate against the movement of the Fenians which may be attempted on the frontier of Canada.

The Fenian news by the latest dispatches gives little or no encouragement to the Brotherhood. There is a perfect stagnation in the excitement which prevailed during the last week, and the belief is becoming general that nothing like an insurrection was initiated in Ireland, and that whatever disturbance occurred was quietly and easily quelled.

The movement on Canada, however, is attracting more general attention, and its inauguration is believed to be near at hand. The city of Montreal has been in a state of the most unwarrantable excitement for the last two or three days. The most startling rumors were set afloat to the effect that the Victoria bridge, or the powder magazine was to be blown up.

An extraordinary Cabinet Council was held, and it transpired that more troops had been telegraphed for to England.

At St. Albans, Vermont, says a *Herald's* correspondent, many strange Milesian faces are noticeable, and probably that town will soon be the base of a Fenian column in Canada.

The riots which occurred on St. Patrick's Day, were the subject of excited conversation among the public generally, and the policemen especially. The wounded are still suffering seriously, and although improving, several of them are still in a precarious condition.

From China and Japan.

NEW YORK, March 20—Colorado brings 272 chests of green tea from Hong King; net value, 7,580 taels; gross, 80,159 pounds. The following is a telegram to a house in this city engaged in the China and Japan trade: "Yokohomo, 27th—exports of Japan teas to date, six million pounds; export of green teas thirteen millions. Raw silk, none of good quality offering."

SAN FRANCISCO, March 20.—A terrible explosion took place in the harbor of Hong Kong, China, January 17th. The hulk Zephyr, used as a storage for powder, blew up and was totally destroyed; also, the Bremen schooner Themis, and thirty or forty persons were killed. Many persons in boats in the neighborhood were killed. Two hundred thousand pounds of powder was aboard. The town was shook as with an earthquake. Four English gunboats moored in the vicinity barely escaped destruction. In the village of Yahmatee, one hundred and thirty houses were unroofed and shaken down.

The steamer Cora was wrecked on the voyage from Hong Kong. The passengers and crew were saved. The vessel is a total loss.

The steamer Wachusett left for Corea January 21st, to inquire regarding the American schooner General Sherman, wrecked there.

The English, French and American Ministers have agreed to go in the spring, accompanied by their respective fleets, and insist on treaties. The naval force at Hankow has been increased by the arrival of French and English gunboats. All fears of the rebels taking the town had subsided. At last accounts the rebels were sacking the town of Tleumen and had burnt Kinkhow.

SAN FRANCISCO, March 20.—The steamship Colorado arrived this morning, from Hong Kong February 17, and Yokohomo February 27. She experienced very heavy weather. She brings one hundred and fifty passengers and full freight.

SHANGHAE, February 17, via SAN FRANCISCO, March 20.—The United States steamer Wachusett arrived here from Corea on the 6th. Captain Schufeldt states the crew of the General Sherman were all murdered. Capt. Schufeldt's dispatch to the Governor of Corea has been received by the latter.

The United States steamers Hartford, Shenandoah and Ashuelot were at Hong Kong. The Shenandoah goes to Yokohomo to relieve the Wyoming. The Ashuelot was expected at this port.

Minister Burlingame is in favor at Pekin. His conciliatory course is highly approved.

Russell & Co., agents of the Shanghae Steamship Company, have purchased the steamers Fusigama, Hirado, Kiang, Soano and Tawah. They have also arranged with the Hong Kong and Canton Steamship Company to withdraw from competition, thus leaving no other opposition steamers, except American, floating on Canton river.

Reconstruction in Alabama.

MONTGOMERY, ALA., March 20.—Governor Swaine with a large number of prominent citizens, have issued a call for a public meeting to be held here on the 26th inst., in favor of reconstruction under the Sherman bill.

The Grand Jury Discharged—Their Presentment.

Having concluded the business brought before them, the Grand Jury of the present term of the Criminal Court made a presentment on Wednesday afternoon and were discharged. Following is their

PRESENTMENT.

The Grand Jury having disposed of the public business for March Sessions, beg leave to tender their acknowledgments to the Court and prosecuting officers of the County for their aid, courtesy and assistance.

THE ASSISTANT DISTRICT ATTORNEY.

The recent law creating the office of Assistant District Attorney works well in practice, and while it materially relieves the District Attorney of much onerous labor, it is beneficial to the public, especially so to Grand Jurors and suitors, and in expediting business.

DEFAULTING PROSECUTORS—COMPOUNDING FELONIES.

We would recommend that some stringent measures be adopted by the Courts to punish prosecutors for non-attendance. The utter disregard of this duty by those who have been instrumental in instituting prosecutions is a source of constant vexation, annoyance and delay. Much of this is to be attributed to the practice of parties "settling" all sorts of cases and compounding the most serious offences against the laws. To such an alarming extent has this been carried, in our county, that it is now quite as difficult to compel the attendance of prosecuting witnesses as of defendants themselves. We trust some remedy will be found by fine and imprisonment to teach such delinquents that they are but the humble instruments of public justice, and that they cannot with impunity barter and trade upon the penalties which the Commonwealth exacts for her violated laws.

THE LIQUOR TRAFFIC.

The necessity of some legislation to further restrain the traffic in intoxicating liquors seems to be generally admitted. The pending License Bill, embracing, it is said, the stringent provisions of the excise law, which has been found to work well in New York, may prove to be a decided improvement on the present system. Some amendments imposing higher rates of license, &c., might perhaps commend the proposed act more strongly to general favor.

MINORS AND PLACES OF AMUSEMENT.

The selling of ardent spirits to minors is now wisely forbidden by our laws. In the judgment of the Grand Inquest, the minds and morals of our youth are quite as readily corrupted and debauched by their being allowed to frequent low places of amusement, as by any other means. It is true that the legitimate drama may elevate the taste and gratify the sensibilities of the educated and refined of mature years, although even this has been questioned by some austere moralists. But no one can doubt the pernicious influence upon the young of those dens of vice and infamy, which do but minister to the lowest appetites under the guise of innocent recreation. Nymphs in a semi-nude state in the mazes of the dance, heroes of the Jack Sheppard school of morals, and disgusting travesties of all that is held sacred, long-tried and venerable, here nightly poison the youthful mind, and pollute their imaginations. We have reason to believe that hundreds of the young of both sexes are in the habit of attending such places of resort in this community. We invoke the aid of the Legislature to remedy this evil, and to render the admission of minors to such places, unaccompanied by their parents or lawful guardians, a high misdemeanor, punishable by imprisonment.

NEW BUILDING FOR COUNTY OFFICES.

We have had submitted to us by R. B. Carnahan, Esq., the County Solicitor, a plan for the erection of a one story brick building, upon the public grounds, in the rear of the Court House. The building will be fire-proof and contain three offices for the use of the Controller, Commissioners and Treasurer. The cost of the building, as is stated to us, will be $10,000, and will necessitate no increased taxation, more than that amount having already accrued as savings from the admirable management of the county finances by that faithful public servant, Henry Lambert, Esq. The difficulty of access to the present rooms of these officers, especially to the aged or infirm, and the want of sufficient accommodation for jurors in the Court House proper, renders the construction of the new building a necessity, and we have accordingly recommended it.

THE COUNTY JAIL.

We paid a visit to the county prison. Its condition is as favorable as we could wish in view of the season of the year, number of inmates, &c.

INEFFICIENCY OF THE POLICE.

We cannot close our presentment without directing attention to the want of sufficient vigor and promptness in securing the arrest of offenders against the laws in this community. Daring burglaries are of nightly occurrence, and scenes of disorder and violence painfully frequent. The final remedy for all this, is perhaps in the hands of the people themselves. It does not rest with the courts. We would, however, urge upon all our magistrates a more zealous, faithful and prompt discharge of their official duties in this respect.

All of which is respectfully submitted.

Pittsburgh Fort Wayne and Chicago Railway—Meeting of the Stock and Bond-Holders—Statement by the President—Elections of Directors.

The stock and bond-holders of the Pittsburgh, Fort Wayne and Chicago Railway Company met at the General Office of the Company, on Penn street, at eleven o'clock A. M. yesterday, and organized by calling James S. Craft, Esq., to the chair, and appointing G. M. Hutchinson, Secretary.

Gen. G. W. Cass, President of the Company, made the following statement to the stock and bondholders:

I am directed to say to the stock and bondholders, that in consequence of important matters pressing upon the attention of the Board, it has not been able fully to consider the report prepared by the President, and to be submitted to you today, and that they ask your indulgence until to-morrow morning. In the meantime, I am able to assure you of the very satisfactory state of the Company's business and condition of the property.

The business of the year has resulted in net earnings equal to *eleven and three-eights per cent.* of the share capital, after paying the interest, sinking fund, and other fixed charges, and keeping the property in a constantly improved condition. Thus far, this year, the business is satisfactory, and the Board to be elected to-day will, no doubt, in a few days declare out of the net earnings the usual quarterly annual dividend.

On motion of Robert McKelley, Esq., it was resolved that when this meeting adjourn, it adjourns to meet at the office of the Company at eleven o'clock to-morrow morning, to hear and consider the report of the Board of Directors.

On motion of Wm. M. Hill, an election for Board of Managers to serve for ensuing year, was entered into, resulting as follows: J. F. D. Lanier, Louis H. Meyer, Samuel J. Tilden, New York; J. Edgar Thompson, G. W. Cass, Springer Harbaugh, John L. Dawson, Pennsylvania; Kent Jarvis, R. E. Springer, Hon. John Sherman, Ohio; Jessee L. Williams, Pliny Hoagland, Indiana; Wm. B. Ogden, Illinois.

On motion, adjourned.

Rumored Triple Crime in Washington County.

A gentleman who came into the city on the Washington stage, yesterday, and departed on the Eastern train, reported that, on Tuesday morning, three men entered a house near Venice, on the line of the Hempfield railroad, where were an old man and his niece. They attacked the old man and beat him to death with the tongs, after which they bound the niece to the bed and all three ravished her person. After this they ransacked the house, robbing it of some $3,000 in money, and fled. The girl remained bound until Tuesday evening. The gentleman was unable to give any names of the parties to this horrible crime.

The Westminster Assembly.

On this (Thursday) evening, the 21st inst., the Rev. S. O. Wylie will deliver a lecture for the benefit of the Sabbath School. The lecture will be delivered in the R. P. church, (Dr. Sproull's) Allegheny. The subject treated by the Reverend lecturer is to be the "Westminster Assembly; its History, Characters, Incidents and Works." The subject is of great interest, not alone to church members, but to general readers, and every person interested in the course of events. Tickets will be sold at twenty-five cents each.

Fair and Festival.—The ladies of the Methodist Episcopal Church, Manchester, are holding a grand fair and festival in Henry's Hall. Every arrangement conducive to the pleasure and enjoyment of those attending has been made, and we know of no place where an hour or two can be better or more pleasantly spent. Doors open from two o'clock in the afternoon till ten at night. The street cars pass the door of the hall every few minutes, and a chance is thus afforded to city folks to visit the fair.

THE BUTLER COUNTY HOMICIDE.

Trial of John B. Adlington for the Murder of Sidney B. Cunningham and James H. Teeples at Portersville.

TUESDAY, March, 19, 1867.

Dunwiddie Marshall sworn.—I was at the party; I was standing in the sitting room door when the fight commenced; Fred Bowder came up and said something about "New Castle;" I made some foolish remark to Bowder; Cunningham jumped up and said "what do you want with New Castle;" Bowder said "hold on stranger; I was not speaking to you;" Cunningham said "the hell you don't;" and knocked him down; John L. Jones ran in and said "hold on Syd; that's Fred Bowder," when Jones spoke to Cunningham, and told him it was Bowder he was hitting, he turned and left, and I did not see him afterwards. he backed away, and I did not see who were around him; I heard Adlington say he wanted the doctor to go up and see Oliver, but he thought he was not badly hurt; Adlington said he knew he was for he had hit him with a chair in mistake; he had been home to see his children, and had just returned when this conversation occurred; the doctor had been there; I saw no weapon of any kind that night; I dont know of any person having one.

J. M. Stoner, sworn—Testimony corroborated.

Jennie Albert, sworn.—I was at the house of John Oliver at the time this difficulty commenced. Some one said they were fighting, and I left the kitchen and ran down to the wash-house. I staid in the wash-house till the fight was over. I saw Adlington on the platform in the middle of the porch; did not see which way he came; he went into the kitchen. Coming up the steps from the wash-house, I heard him coming up from the barnyard, passing along the porch to the kitchen; he went into the kitchen before me.

Court adjourned until 2 P. M.

AFTERNOON SESSION.

A. H. Aiken, sworn—Testimony corroborative.

Miss Annie Cowden, sworn—Nothing new elicited.

Miss Rachel Shaffer, sworn—Nothing new elicited.

Mrs. Helen Wilson, sworn—Nothing new.

Uriah McLaren, sworn—Nothing new.

Wm. Gibson, sworn—Nothing new.

Court adjourned till to-morrow morning at nine o'clock.

The Commonwealth has but two more witnesses.

Left the City for the City's Good.

Shortly after two o'clock yesterday morning a party of men, variously stated at from fifteen to forty, issued from a saloon on Federal street, in Allegheny, and proceeded to the depot. There they all purchased tickets for Bellair, near Wheeling. All the baggage the party had among them was a small hand satchel about which the whole party seemed very anxious. The members of the crowd are all said to have been well known and dangerous "professionals," who got their living by depredating on other people's pockets and "going for" whatever valuables may appear in their way. Among them was the notorious Wash Freese, not notorious as an honest man. The whole gang got aboard of the train a short time before starting, but just as the cars were moving off, at three o'clock, five of them got off, as we are told, and remained behind, the rest going on. When the train reached the outer depot one of the passengers missed his pocket book. He mentioned it, and a German sitting next him felt for his own pocket book, and found it also gone. We could not learn the names of either of the parties robbed. The German got off the train and returned to the city. He resides in Salem, Ohio. His loss amounted to $65 in national currency, and $1,25 in gold and silver. He had no money left. His astonishment was great at being robbed in so skillful a manner. "He wouldn't have believed it could be done." We heard of no other robberies, but whoever on the train escaped may consider themselves very lucky.

Horse and Foot.

Two old soldiers named Rhinehart Eschoff and John H. Douglass were yesterday in the Drover's Home, Ninth ward. Eschoff was formerly a cavalryman, and is now a bricklayer, boarding at the Drover's. Douglass was an infantry soldier, and is stopping at the Soldiers Home. Between one and two o'clock they drank together and Douglass said something derogatory to the cavalry. Eschoff offered to go through the sabre exercise with him and commenced flourishing his trowel. Douglass had a long bladed pocket knife in his hand and commenced his part of the "exercise" with that. After a few moments of apparently friendly parrying, Douglass ran the knife, probably by accident, into Eschoff's breast, cutting through the coat, vest and two shirts, and striking a rib on the left side, a little above the heart. The wound bled very profusely but was dressed and declared not mortal by Dr. King at the Soldiers' Home. Douglass was arrested and taken to the lock-up by officer Willders of the special force, who was near and promptly interfered. Eschoff was a good deal intoxicated at the time. Last evening he was wandering about the streets, and was himself taken to the Mayor's office by officer Willers. He was subsequently sent to the Soldiers' Home.

Coroner's Inquests.

Coroner Clawson held an inquest, yesterday, upon the remains of John Seitz, who died rather suddenly at Union Hotel, 101 Water street, about eight o'clock in the morning. He had been stopping at the hotel for about a month, drank liquor to excess, and Tuesday evening complained of illness, which had increased to such an extent yesterday morning that a physician, Dr. Arthurs, was sent for. Before he arrived, however, Seitz had breathed his last. He was about thirty-five years of age, has two brothers living in Birmingham, and a wife in Allegheny city. He was in the army with the 14th Illinois Cavalry. Death from "natural causes" was the verdict of the jury.

The Coroner also held an inquest yesterday on the body of an unknown man, found in the Ohio river on Monday afternoon, at Glendale Station on the Pittsburgh, Fort Wayne and Chicago Railway, in Ohio township. The jury returned a verdict of accidental drowning, as no marks of violence were found on the body. No clue whatever could be had to his name or former place of residence. The body appeared to have been in the water for a number of weeks. The man had sandy hair, and was poorly dressed in a suit of coarse black cloth. He had on a coarse white linen shirt, and a large red and white handkerchief, now in the possession of the Coroner, was found in a pocket of his coat. The body was buried in Hilldale Cemetery.

Amusements.

NEW OPERA HOUSE.—Miss Kate Reignolds appeared last evening to quite a large and fashionable audience at the New Opera House. She appeared in the character of Miss Gwilt in the sensation drama of Armadale. This lady is destined to attain a brilliant reputation in her profession, and with a little more training and study will prove a formidable rival to most of the celebrated actresses on the American stage. She was admirably supported last evening by the very excellent stock company of the Opera House. To-night she will appear in a favorite character. To all lovers of the drama, when properly interpreted, we say, attend the New Opera House during the engagement of Miss Reignolds.

VARIETIES THEATER.—This popular and well managed place of amusement has been drawing overflowing houses during the past week. The programme each evening embraces dramas, ballets, and versatile performances. The stock company is splendid, and everything put on the stage is in the best style. Miss Florence Temple, with her wonderful trained horse, Fire Fly, appears next Monday night in Mazeppa, and will run the week through upon equestrian pieces, so that a grand gala time may be expected.

A New Candidate.

It will be seen by our advertising columns, this morning, that a new candidate has entered the lists for County Treasurer, in the person of Major J. F. Denniston. He entered the "Friend Rifles" of this city, April 1861. The State quota was full at that time, but the boys were bound to have a hand in it; there was no waiting for bounties those days; they were accepted, and served in the Excelsior (Sickles) Brigade, of New York. Maj. D. received a severe wound in the right arm at Williamsburgh, Va., almost totally disabling it. Afterwards being appointed a Commissary of Subsistence, and while voluntarily serving as Aid in the old 3d corps at Reams station, he received a wound in the right leg which necessitated its amputation. Since his recovery from the operation he has been serving as disbursing officer and handling a large amount of funds, in Washington and Florida, until his muster out of service at a recent date, and his record as to ability and bravery is beyond cavil.

Desertion.—Jacoba Miller, living in a court on Sixth street, made information before Alderman Lynch yesterday, stating that her husband, George Miller, deserted her in September last. He was arrested soon after and agreed to pay her five dollars per week. He paid up for two weeks and that was the last of it. He was held for a hearing. Miller is a carpenter, occupying a shop next to the magistrate's office.

The Wilkinsburg Affair—Arrest of one of the Parties.

The house which we mentioned yesterday morning as having been visited by the police, on Tuesday night, at Wilkinsburg, was that of James McQuade, between Wilkinsburg and East Liberty. Strong circumstances led to the suspicion that Mr. McQuade had been concerned, with others, in the burglary at Dr. Perchment's house, at East Liberty, recently; and information for that act had been made against him before the Mayor. The police approached the house, as stated, and requested admission as officers. When it was known who the visitors were, one of the inmates told them to "go and drown themselves," and refused to open the doors. Entrance was effected by three of the party, and they had a severe fight with the inmates, and finally came away, as stated. Yesterday morning, Mr. McQuade visited the Mayor's office to seek redress, as he said, against the party who attacked his house the night before. The warrant for his arrest was produced and he was placed under arrest. He was unable to procure bail and was locked up for a hearing. He confirms the statement made yesterday, that one of his friends was shot, but not fatally, in the head. It is due to the officers to say that they all did their full duty, and came away only when the reinforcements to the party in the house made further efforts at arrest utterly futile.

An Important Movement.—We learn that a memorial to the Legislature is being prepared, will be printed in a few days, and distributed for signatures, praying for the enactment of a law creating the city of Allegheny the seat of justice, for holding courts and judicial proceedings in that part of the territory of Allegheny county north and west of the Ohio and Allegheny to the Butler and Beaver county lines, and establishing the area thus described a new county, under such name as the General Assembly may designate as appropriate to the territory above indicated.

Dishonest Apprentice.—Francis Mahlstein, a white barber in the Ninth ward, made information before Alderman Taylor, yesterday, charging an apprentice named John Sun with larceny, alleging that he stole ninety five cents in July last, $6 in October, $9.55 at another time, and $1.20 on the 19th inst. The boy was searched at the hearing and nearly all the money found in a belt around his waist. He was committed for trial.

The Chief of Police has been appointed. The Mayor has mentioned James Scott, Esq., an old and well known officer, for that position, and he will soon assume the duties of his office. Mr. Scott is an able and efficient officer, and has few superiors. He will undoubtedly perform his new duties in the best manner. If he does as well hereafter as heretofore, there will be no cause for complaint.

Crushed.—Sebastian Wolff, a young man, residing at Elizabeth, and employed as deckhand on the steamer Elizabeth, had his left leg crushed at the McKeesport landing, yesterday morning, while the boat was about leaving, by having it caught between the gangway plank and the capstan. He was brought to this city and the lacerated limb dressed by Dr. McCook, Sr.

Fined.—Five of the thirteen boys charged before Mayor Morrison with corner loafing, were fined one dollar each at the hearing. The others were discharged. The names of those fined were Gleason, Chambers, Boyd, Odderson, and Robinson. The parents of all gave assurances that the boys should discontinue their annoying practices.

Loafers there are who think nothing is so great sport as to see the engines run full tilt when there is no fire. These are the men who get up the false alarms. We hope that one, at least, of these fellows may be caught. An experience "over the river" would take away the taste for that kind of fun.

Reprimanded again.—Freddy Diehl, of Allegheny, was before the Mayor yesterday morning for drunkenness. Freddy said it would not be convenient for him to go to jail at present, as "he had some pens to clean at the drove yards." So he was let off with another reprimand.

The Nicolson Pavement, we understand, is to be laid by the Pittsburgh, Fort Wayne and Chicago Railroad Company, on Penn street, opposite their office building. We hope the experiment will be tried, on however small a scale. It will lead to good results.

Reineman, Meyran & Siedle, No. 29 Fifth street, are agents for the sale of the American Watches. A splendid supply will be found on hand, together with a magnificent assortment of fine jewelry. For any thing in the line, favor this firm with a call.

A More Zealous, prompt and active performance of the duties of magistrates in suppressing the outrages of all kinds so frequent now, is urged by the Grand Inquest. This is well. We would also urge an increase of our very limited police force.

Slight Fire.—On Washington street, Birmingham, last evening, a great deal of fuss was made over a very small fire, which originated in a smoke house. It was speedily checked by the Mechanic's Hose Company, who were promptly on the spot.

The Aid of the Legislature is invoked by the grand jury in protecting the youth of the county from the vitiating influences of low places of amusement. Some who are not youths require just as much protection from the same influences.

Released.—Charles Little, committed to jail on the 16th inst. by Alderman McMasters on a charge of false pretences preferred by Henry Price, was released yesterday, his father having indemnified the prosecutor and paid all the costs.

The County Solicitor has submitted a plan for the erection, on the public grounds in the rear of the Court House, of a one story, fire proof, brick building, to contain the offices of the Controller, Commissioners and Treasurer.

Another False Alarm was sounded last evening between ten and eleven o'clock, from box No. 7. The Alarm Committee have offered a reward of $500 for the capture of the perpetrator. We sincerely hope he will be captured.

Three Keys to the alarm boxes were stolen some time since, and have not been recovered. It is undoubtedly by means of these that the false alarms are produced.

It is Proposed to send a committee from councils to Cincinnati, Chicago and other western cities to take observations on the Nicolson pavement. Good idea.

Prosecutors are accused by the Grand Jury of compounding the most serious offenses to an alarming extent, and stringent action is called for.

Committed.—Justice Smith of Shaler township, committed to jail yesterday, Sylvester Boon, charged with fornication, on oath of Charles Butler.

Yesterday was one of the worst of days. It would have been a fitting text for the Western editor who spoke of "disgraceful thunderstorm."

Folger, the Washington county murderer, is to be confined in the Pittsburgh jail. Pittsburgh "locals" will pump him.

Snooks says high things must come down, and will commence with the Cathedral steeple next month.

Runaway.—A horse attached to a light wagon dashed down Penn street last night, no damage.

Improving.—Hotto's acting at the New Opera House. His gags are less numerous.

The Grand Jury made their presentment and were discharged yesterday.

Allentown, Lehigh county, has been made a City by act of the Legislature.

The Heaters in the Opera House do all the hissing during performance.

Shooting Stars.—The attempt to kill policemen at Wilkinsburg.

Seven common cases were disposed of by the Mayor yesterday.

Louisa Blackman, the footless girl, is living at Pine Creek.

R. T. Kennedy and son Frank left for Europe yesterday.

Quit.—The *Evening Journal*. We hope we did not kill it.

The Coal business is unprofitable just now.

The Fenians are gaining strength here.

Sleet, snow and rain fell last night.

All's quiet in the Fifth ward.

For Prothonotary.—Our esteemed friend Jacob H. Walter will be a candidate for re-election to the office of Prothonotary, subject to the decision of the Union Republican convention. He has made a faithful and efficient officer, and has given great satisfaction to the party, and to all who have had business to transact at his office in the Court House.

Held for Court.—A hearing was had yesterday by Alderman McMasters in the case of Mary Ferguson vs. Cathrine Garroty for assault and battery. Old hard scrabble was present. The defendant was held to answer at Court.

Oriental skirts, regular china wear, have appeared on the streets. The short points are calculated to show off large feet to poor advantage.

The Grand Jury condemned tights generally, but had not a word to say about short skirts worn by fashionable ladies.

Victoria and the British American Confederation.

SAN FRANCISCO, March 20.—A large public meeting was held at Victoria last night, for the purpose of discussing the propriety of applying for the admission of the Colony to the British American Confederacy. The meeting was unanimously in favor of the scheme. Steps will be taken at once to confer with the Imperial Government Confederation authorities on the subject.

Rumored Defeat of the Liberals in Mexico.

SAN FRANCISCO, March 20.—The steamship Oriflama, with advices to March 13, has arrived. There was a rumor at Mazatlan of a battle between the Liberals and Imperialists near San Luis Potosi. The Liberals were defeated with a heavy loss. The news is not confirmed by the Consul nor by prominent merchants having Mexican correspondence.

Maryland Legislature.

ANNAPOLIS, (MD.) March 20.—The bill calling a Convention to frame a new State Constitution passed the Maryland Senate to-day by a two-thirds vote.

Virginia advices state that Hunnicutt is about canvassing the State in order to counteract the influence excited by several prominent rebels who, having accepted the situation, are now endeavoring to influence the negro vote for their own political ends. Hunnicutt is considered a good orator, and the question of comparing him with Henry A. Wise is mooted. Report says that Wardwell, for Mayor, heads a municipal ticket nominated by the negroes in Richmond. The people of Buckingham county, Virginia, held a meeting on Monday last, at which the military bill was endorsed, and their Representatives instructed to vote for the call of a convention, though nothing had been previously said upon the subject.

—After their late reverses in Honduras the British troops gained an important victory over the Indians, who had been raiding on the colonists. Quite a number of Indian women and children were killed by rockets thrown into a retreating crowd. Many of their villages were burned and their cornfields laid waste.

The Pittsburgh Gazette.

THURSDAY, MARCH 21, 1867.

GEN. CAMERON is making a fierce fight on all renegade Republicans and Copperheads nominated to office by the President. This is a work requiring back-bone, of which the General has plenty.

GOV. GEARY has vetoed the bill to increase the capital stock of the Pennsylvania Railroad Company. Cause: The bill did not fix the amount of additional capital contemplated, but left the Company to make it as much as it pleased. The objection of the Governor was well taken, and will be sustained by the people.

THE TAX ON COAL.

Mr. Waddell's bill to tax coal has passed the House, and, from the peculiar shape it has taken, we judge it will pass the Senate. It provides that from and after the passage of the act every railroad and canal or transportation company, possessing the right to mine coal, or purchase or lease or sell the same, shall quarterly (under oath) make report, stating amount of coal mined by them, or from property owned or leased by them, and also the amount of coal purchased by them, over and above their own consumption, shall pay the Commonwealth a tax of ten cents per ton.

None of the "railroad and canal or transportation companies," whose lines run out of Schuylkill county, either to Philadelphia or New York, possess the right to mine, purchase or sell coal. They are common carriers, and nothing more. Consequently this bill does not hit them. Most, if not all, the Carbon county companies are on the same basis. The bill is not designed to produce any considerable effect there. In Luzerne county all the transportation companies own mines, and buy and sell coal. Indeed they transport no coal, unless they own it before it starts for market. In addition to the products of their own mines, they buy of individual operators, deliverable at the pit mouths or at the nearest point on main tracks. The North Branch Canal, the Delaware and Hudson Canal, the Delaware, Lackawanna and Western Railroad, the Pennsylvania Coal Company Railroad, and the Union Coal Company Railroad, are all operated in this way.

By far the larger part of the anthracite mined in Pennsylvania, finds its market in New York and New England. From Schuylkill county to New York, by way of Philadelphia, involves an expensive detour. For a long time all the coal from that county which reached either New York or Newark Bay, went round by way of Philadelphia. After many fruitless and perplexing applications to the Legislature, charters were obtained for railroad companies, reaching over into the Lehigh valley, there connecting with lines extending directly to New York. A considerable amount of coal is now sent that way, but the bulk still goes round.

Originally the Carbon county coal found but one outlet, which was by the Lehigh Canal to the Delaware River, and thence by the Delaware Division Canal to Philadelphia. After a little, the Morris and Essex Canal was completed and put in operation, from Phillipsburg, on the New Jersey side of the Delaware, at the confluence therewith of the Lehigh, to Newark.

Then followed a long and sharp struggle for a charter for a railroad from Harrisburg, down the Lebanon and Lehigh Valleys, to Easton, there to connect with the Central Railroad of New Jersey, running to Elizabeth; since extended to Jersey City. It was finally obtained in parcels. It was in this contest that Mr. CLYMER became liberalized as to Railroads. This road, after striking the Lehigh, goes down on its right bank. At its point of intersection with the Lehigh, it meets the road coming down from Mauch Chunk and beyond. Latterly a road has been constructed on the left bank of the Lehigh. Indeed, it extends all the way from Easton to Wilkesbarre, thus affording an outlet for some portion of Luzerne coal. Two railroads and a canal give egress to coal from Carbon on the way to New York. If we mistake not the companies owning these roads and the canal are simply common carriers.

Excepting the North Branch Canal Company, the Luzerne county companies are known as New York concerns; that is, the principal part of their stocks is owned in that city, and their chief offices are there. This bill is designed to hit them. It is a sort of legislation of which there has been too much already, because the State is disgraced thereby.

When the Erie Railway Company was constructing its magnificent road from the Atlantic, at New York, to Lake Erie, at Dunkirk, it encountered insuperable difficulties in its Delaware Division. Above Port Jervis, on the New York side, the Glass House Rocks rise from the natural water's edge, a bold escarpment, five hundred feet. At the base, the Delaware and Hudson Canal, by dextrous engineering, had been walled up from the river bed. It held the pass by right of possession. There was no room for a railroad. The Courts so held, and granted injunction accordingly. The Railroad Company was forced to ask permission to cross to the Pennsylvania side, into Pike county, among Democrats and rattlesnakes, alike malignant and poisonous. At first, the Legislature bluntly refused the application, although it was demonstrated that the road, traversing the entire southern border of New York, would be of incalculable value to the northern counties of this Commonwealth. At the next session, permission was given, conditioned on the payment of a bonus of $10,000 annually. That contribution is still rigidly exacted, though it is manifest the Erie Railway has doubled or trebled the population and wealth of each of our northern counties, transforming what used to be called, in old-fashioned Whig State Conventions, by way of disparagement, "The Wild-Cat Region," into one of the most prosperous and intelligent portions of the Commonwealth.

New Yorkers have expended at least twenty-five millions of dollars in the permanent works above enumerated, primarily to develop the coal and iron of Luzerne county, but incidentally conferring great advantages upon Wayne, Pike and Monroe counties.

So far as we are informed, and we think we are not in error, no "railroad, canal or transportation company," operating in the bituminous districts will be touched by the passage of this bill. Only "the New York companies" are aimed at. Why are they selected for this special burden? Two solutions are suggested. 1. That it is held to be intrusive for capitalists living outside of this Commonwealth to invest moneys here so as to develop latent resources, to multiply population and add to the general prosperity. 2. That dishonest members of the Legislature want to frighten the companies indicated into "coming down handsomely."

If the first-named solution is the true one, it exhibits a narrow spirit, disgraceful to the State. If the latter solution is the right one, it will add to the feeling, steadily growing, that the people, in virtue of innate sovereignty, and without the formality of judicial process, will be compelled to purge a Legislature, by hanging offenders of this grade.

BUILDING.

The New York *Commercial* has taken pains to have estimates made by competent builders in that city of the present cost of building suburban cottages. The estimates are based on the present prices there of labor and materials of all descriptions. It appears that a six-roomed frame cottage, each room 15x16, in the German, Swiss or plain Italian style, well finished, with bath-room, closets, range, sinks, boiler, washtubs, tank, force pump, marble mantle, grates, and, in fact, everything complete, can be erected for $4,600.

An eight-roomed cottage, similar to the above, will cost $5,400 to $5,800. One of twelve rooms, $6,500 to $7,500. This is at least one-half lower than the same sort of dwellings can be put up for in the vicinity of Pittsburgh. Herein is disclosed one of our most serious impediments. The cost of dwellings in this city and vicinity, whether in fee simple or on lease, must be reduced by fifty per cent., or other cities will continue to have important advantages over us, both for manufacturing and traffic.

THE clerks in the different departments at Washington have established a mutual protection association. They recently held a meeting and passed a resolution condemning the action of boarding house keepers, grocers and produce dealers for increasing their prices, and further resolved to counteract such movements by all honorable means. It will be a hard matter to quit eating, if the clerks intend a strike.

THE Washington *Chronicle* denies emphatically the statement that Charles Sumner means to withdraw from political life at the close of the present Congress.

NOTES FROM THE CAPITAL.

WASHINGTON, March 16, 1867.

MESSRS. EDITORS:—The House of Representatives of the Fortieth Congress has suffered nothing in its character by the fall elections. The new men who have come into it, with rare exceptions, seem to be gentlemen of a fine order of talent, and of morals and bearing above reproach. Mr. Pile, who beat Mr. Hogan, of Missouri, seems to me to be a great improvement on that old gentleman, who is quite palsied and entirely given up to the bad type of democracy prevalent in Missouri. Mr. Pile is a middle-aged, active, earnest, true Radical. The latter comes, as a matter of course, with every man elected by Republican votes in the contested States on the border.

Hon. N. B. Judd, the successor of Mr. Wentworth, of Chicago—more commonly known as "Long John,"—is a gentleman of foreign aspect. He has a clean cut profile, a gray "*chevaux de frise*" of moustache, a Roman nose, a dark, sharp eye, and is of middling stature. He enters earnestly into the public business, and is destined to be a useful representative. As the near friend of the loved and martyred President, he is looked upon with special interest.

The man first inquired for by strangers who enter the galleries is invariably John Morrissey. This curiosity arises probably from a desire to look upon the man who combines three professions so wonderfully incongruous as that of a prize-fighter, a gambler and a legislator. The person who expects, however, to see in him a low and slovenly fellow, in outward seeming unfit to associate with gentlemen, will be much disappointed on a view of the "Representative from New York." A more neatly dressed, cleanly gentleman does not appear. In fact his face would not be unpleasant to look upon were it not for that unlucky "foul" that laid the bridge of his nose very nearly flat with his cheeks, canted the balance of that feature badly "to starboard" and left the extreme end standing perking out at a ridiculous angle as if astonished at its comparative insignificance and vainly searching for its remainder. He is a powerfully built man, of florid complexion, with a heavy crop of black wavy hair and a closely clipped beard. He is punctual in his attendance on the sessions, always appears busy in his seat, never attempts to make a speech, always votes with his party and is altogether, as I should say, a more agreeable looking and better behaved man in the House than Hon. Mr. Brooks, his colleague from New York city—not that I would insinuate any ill behaviour on the part of that gentleman, except politically speaking. One hopeful thing in reference to Mr. Morrissey—he has a seat immediately beside Hon. Hiram Price, of Iowa—one of the most exemplary christians, an active worker and exhorter of that worthy sect, the Methodists. Mr. Price is also a great temperance man, and exhales a sort of perfume of upright life and purity of heart. It is to be hoped that in such an atmosphere, the effects of early associations, unfavorable to virtue in Mr. Morrissey, may be purged away.

I have observed that persons on first sight of Fernando Wood, involuntarily, as it were, say "Is that Wood?" They are not prepared for the face and form they see. Picture a tall, straight, slim figure, a round well set head with full forehead; hair beginning to change from lightish-brown to silver; a heavy grey moustache that would have done honor to one of Napoleon's old guard; the rest of the face cleanly shaven; a dress becoming and neat to scrupulosity; the air of a far traveled man; ease in motion; self-poised, courteous in bearing; his black frock-coat buttoned up nearly to the chin, and one hand almost always carried in the breast of it—such is a rough pen sketch of the man more talked about and "cussed" and discussed in the city of New York, in the last ten years, than almost any other man in it.

Gens. Logan, of Illinois, and Butler, of Massachusetts, are always subjects of notice and inquiry. They have both signalized their advent to the Fortieth Congress already by their speeches against the bill to give a million dollars to the hungry Southern people. Logan opposes on special grounds, viz: that it will be grabbed by the men who claim everything as their due on the plea that all they can get out of the hated Yankee government is so much clear *gain* and fair plunder, and also on the general principle that once the flood gate of national giving is opened, nothing ever can again close it; that the central government was not instituted for any such purpose, and that in the South they should do as is done elsewhere in such cases—the rich look out for the poor. Gen. Butler gave an intimation of his idea of the way to meet the case in his allusion to the method adopted by himself in New Orleans—not simply *advising* the rich to help the poor, but *making* them do it in a systematic way. I am informed that he intends to bring in a bill to levy a tax on the rich, well and over supplied classes of the South—the proceeds of which to go to feed the needy. This is to be moved as a substitute for the bill now before the House, which has already passed the Senate. Both these gentlemen were listened to intently in the speeches they made against the pending measure. They both command attention, being vigorous and pointed speakers. The appearance and peculiarities of both of them are so well known, that any description of either would seem superfluous.

One of the rising men of the House is Hon. J. G. Blaine, of Maine, but a native of Washington county, in our State of Pennsylvania. He is a man of wonderful mental activity; clear in thought and most pertinacious in action. He has a great fund of information at his command; is ready on all subjects; is a rapid and pointed speaker; is indefatigable in business; has popular ways, and is full of anecdote; treasures up all the odd out-of-the-way pieces of information and works it in as if by some magic; talks with A. and B. at the same time, as it were, on matters wide as the antipodes and is destined from this combination of qualities and powers to have more than ordinary influence in the Congress just now opening. He is thoroughly a Radical and has behind him a constituency of rare determination in that respect. There are others of whom I would say a word, but time and space will not here permit.

RADICAL.

—The New York *Tribune*, in speaking of the gambling operations of the New York Brokers, well remarks: "We believe that the aggregate wretchedness, crime, madness, ill-health, anxiety and despair in Wall street since the paper money mania began, is greater than that of the same wretched experiences at all the gaming-tables since Baden-Baden was founded and *rouge et noir* invented by the devil."

—The Paris *Patrie* contains a most mysterious anecdote. Young married woman, rich, elegant, lovely, on the point of death, to her husband: "I must confess something. You'll be astonished that I have proved unfaithful." To which the following: "Not more astonished than you will be to hear that I knew it, and for this reason poisoned you."

—According to a San Francisco correspondent, the Irish are becoming dissatisfied with the presence of the Chinese in California. They got up a riot lately and drove off some twenty or thirty of the celestials, who were employed by the Pacific Mail Steamship Company, burning their houses, destroying their provisions and killing one of the obnoxious class.

—A suit has been brought at Buffalo by the owners of an elevator recently destroyed by fire, against the owner of a propeller, in which the fire is claimed to have originated. Damages are claimed in the sum of $150,000, and it is alleged that the destruction of the elevator was the result of carelessness on the part of those in charge of the propeller.

—A civil suit at Hastings, Minnesota, against Thomas Eagan, who killed a soldier in Dakotah county, in 1864, has resulted in a verdict of $1,846 damages to the widow of the murdered man. Eagan had previously been tried for murder and acquitted.

BEHIND THE LIGHTHOUSE.
Old fogyism is not quite dead. People are still to be found who think that health is promoted by depletion! Was there ever such false logic! Nature is the grand antagonist of disease, and the depletors propose to prostrate Nature, in order, one might suppose to give the enemy a double chance at the life of the patient! The true practice is so to invigorate the vital powers as to render them an overmatch for the elements of disease. This can be done with HOSTETTER'S STOMACH BITTERS. Of all vegetable tonics they are the most powerful and the most genial. At this season when even the strongest organizations are liable to be affected by the alternations of stringent cold and malarious moisture, this inestimable protective medicine is especially needed. Persons predisposed to biliousness, dyspepsia, constipation, intermittent fever, or any of the complaints which cold weather superinduces or aggravates, should take it regularly throughout the Winter and Spring months. It is absolutely pure and harmless.

THE INDIANS AND THE WHITE PINE.
Although long known to the aborigines of America, Dr. George W. Swett, of Boston, has brought into shape for convenient use, a most valuable preparation called POLAND'S WHITE PINE COMPOUND, which for a number of years has given great satisfaction in the cure of all those ailments dependent on an inflamed or irritated condition of the mucous membranes of the animal organism. For gravel, diabetes, dropsy, chronic bronchitis, nasal catarrh, constipation, when depending on a debilitated state of the intestines, it is one of the most valuable discoveries recently added to pharmaceutical medicine. It is likewise a most valuable compound for diseases of the kidneys and bladder generally, as any one can satisfy himself upon a single trial. Every one knows the healing virtue of the white pine for sores and ulcers, but Dr. Swett has gone to work and prepared from the sweet inside bark of that valuable tree a compound that will meet every indication where the pine would be valuable. It is confidently recommended for the following ailments:
Diabetes in young or middle aged people;
Diabetes in old people;
Stoppage of the Urine;
The same difficulty in children during the night;
Gravel, Kidney Trouble in old people;
Ulcerated Kidneys, Ulcerated Bladder;
Discharge of mucus or pus, or blood from the bladder;
Bright's Disease of the Kidneys;
Pain in the Kidneys or Small of the Back;
Pain in the Bladder, Heat and Scalding;

THE VERY BEST WATCH IS MADE BY THE American Watch Company, OF WALTHAM, MASS. We claim, and are prepared to prove, that the American Watches, manufactured at Waltham, Massachusetts, are not only equal, but far superior, to the watches of England, Switzerland, and France. We also claim that they are CHEAPER, MORE ACCURATE, MORE DURABLE, and more easily kept in order and repaired than any other watches in the market. Because in the construction of the very numerous parts of which a watch is made up, we obtain, by mechanical power, nearly absolute mathematical precision and uniformity, making every watch of any one kind a true copy of its model. [illegible] In addition to the mechanical advantages our Watches are simpler in structure, and therefore stronger, and less likely to be injured than foreign watches. How they run under the hardest trial watches can have, is shown by the following letters: PENNA. RAILROAD COMPANY. OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, PA., 19th Dec., 1866. COURT REPORTS.

District Court.

Before Hon. Moses Hampton.

S. S. Fowler & Co. vs. Joseph S. Lowry, defendant, and the Monongahela Water Company, garnishees. Plaintiffs had obtained judgment against Lowry for $2,329.22 and attached money in the hands of the Water Company, with whom Lowry had entered into a contract to build an engine for the sum of $19,500. On the contract, prior to the serving of the attachment, Lowry had been paid the sum of $11,500. The garnishees in their answer stated that notice was served upon them of the assignment by Lowry to his brother David, on December 19, 1861, of all his right, title and interest in the contract entered into on the 2nd Dec. 1861, between him and the Water Company, for the sum of $4,000. David Lowry resisted the claim of the plaintiffs, alleging that the money attached belonged to him under the assignment, which plaintiffs contended was fraudulent and void, and it was further objected to on the ground of insufficiency of consideration. A. W. Foster & Co. also put in a claim, having entered a mechanics lien against the Monongahela Water Company, owner, or reported owner, and Joseph S. Lowry, contractor, for $6,526.26, to which plaintiffs replied that the alleged lien did not exist in law, and also that there was not due Foster & Co. the amount alleged, their claim having been fully paid, in which replication the defendant, Joseph S. Lowry, by leave of Court, joined.

The jury, by consent, were sworn to try the several issues joined between S. S. Fowler & Co., Monongahela Water Company, David Lowry, Foster & Co., and Jos. S. Lowry. The alleged assignment by Joseph S. to Robert Lowry was allowed to go in evidence, subject to instructions as to the legal nature of the paper. Objection was made to the lien, under which Foster & Co. claimed, on the ground that a mechanics lien does not lie against property of the nature and condition described, and owned by a corporation, against which the claim was filed as owner and not as contractor. The Court sustained the objection.

The jury found, under the instruction of the Court, as follows: That the garnishees have in their hands the amount admitted in their answer to be due Joseph S. Lowry in their contract with him, subject to a credit for money paid to him prior to the service of the attachment, and that of such amount in their hands there is sufficient to pay and discharge the plaintiffs' claim in this case, viz: $2,329.22, with costs of original judgment; also, that no valid assignment was made by Joseph S. Lowry to David Lowry of the debt due Joseph S. Lowry by the garnishees; also, that Foster & Co. have no lien upon the property of the garnishees.

The Court took up no other case, and adjourned till Thursday at nine o'clock.

Common Pleas Court.

Before Hon. Thomas Mellon.

In the case of J. Y. Guttendorf, the jury found a verdict in favor of plaintiff for the sum of $53,95.

Borough of Manchester vs. Pittsburgh, Allegheny and Manchester Passenger Railway. Action concerning the cleaning of streets. Verdict in favor of plaintiff for the sum of $196,27, subject to the opinion of the Court on the question of law, reserved, as to the liability of the railway company to clean the streets of dirt, there being no sufficient denial of the plaintiff's claim in the affidavit of defense.

J. A. Charlton & Co. vs. Dr. W. R. Thorn. Judgment confessed for plaintiffs in the sum of $293.28.

Marshall & Bros. vs. Frederick Aeschelman's executors. Action on a book account. Verdict for plaintiff in the sum of $381.18.

Henry Hershhauser vs. John Wain. Verdict in favor of plaintiff for $55.10.

Oyer and Terminer &c.

Before Hon. James P. Sterrett.

This Court met Wednesday morning at the usual hour, nine o'clock, and proceeded with jury trials.

FOUND THEM GUILTY.

Patrick Haughey and James Coaley alias Brown, on trial Tuesday evening for the larceny of a trunk from the Monongahela river steamboat Chieftain, were found guilty by the jury and recommended to the mercy of the Court. Sentence deferred.

DESERTED HIS WIFE.

Frederick Miller, complained of for deserting his wife, was ordered to pay the costs of prosecution, two dollars and a half per week for the support of his wife, and to enter into recognizance in the sum of $500, with approved security, conditioned for the performance of this order.

INDICTMENT QUASHED.

In the matter of the motion to quash the indictment, for larceny, against Henry Forbes and William Yates, argued by B. F. Lucas, Esq., on Tuesday, the Court gave its decision. The Grand Jury returned an indictment against the parties, which, however, without being disposed of in any way, was returned to them, for the purpose of withdrawing it, in consequence of some defect or informality, with a view of returning another bill in its stead. Another bill was found, in which, in addition to stealing lumber as set forth in the first bill, the defendants were charged with the larceny of cables for which they were not prosecuted—no information made or preliminary hearing given. This was the ground upon which the motion was made by Mr. Lucas. The Court ordered the second indictment to be quashed, and that the defendants be tried upon the first—all that Mr. Lucas desired.

PLEADED GUILTY.

John Dugan, indicted for aggravated assault and battery, was permitted to put in the plea of guilty of assault and battery. Sentence deferred.

ALLEGED MATCH FACTORY NUISANCE.

Philip Hoffstetter was indicted, on oath of Frederick Smith, for nuisance in maintaining, in the Third ward, Allegheny, a lucifer match manufactory, the smell arising from the use of brimstone and phosphorus proving annoying and hurtful to the neighborhood—increased danger from fire was not charged. Mr. Smith, the prosecutor, owns and occupies the lot adjoining the factory, and testified to the annoyance he experienced from its existence. The Court charged the jury that before they could convict they must believe the nuisance was a public one, not circumscribed in its limits, affecting only those in its immediate proximity, and not those a little more remote. If it affected only the prosecutor, it was a private nuisance, and the remedy was by civil process. The jury found a verdict of not guilty, the prosecutor, Frederick Smith, to pay the costs.

PROSECUTION FOR PERJURY.

Thomas McCormick was placed on trial on an indictment for perjury, on oath of Lewis Hilkey. There had been a difficulty at Hilkey's tavern, in McClure township, out of which arose quite a number of prosecutions, among others one by defendant against the prosecutor, before Alderman Donaldson, for selling liquor on Sunday, January 13th. This case, after a hearing, was dismissed by the magistrate. At the investigation McCormick testified that he saw the doors of Hilkey's tavern open on the Sunday evening mentioned, between seven and eight o'clock, and that persons were standing about and being furnished with liquors by Mr. Hilkey. In this the perjury was alleged to consist. Evidence was adduced to show that the tavern was closed on the Sunday evening stated, and that no liquors were furnished to any person on that evening. It was also shown by way of showing motive, that on the day previous to making the charge against Hilkey, McCormick was put out of the tavern, with others, for improper conduct, and that a charge was made against them for assault and battery and riot, before Justice Kerr. Following this charge McCormick prosecuted Hilkey for keeping a disorderly house, and made threats, saying to Hilkey "I'll fix you," or "you push me and I'll push you." Subsequent to this he made the information before Alderman Donaldson against Hilkey for selling liquor on Sunday.

For the defense McCormick proved he sustained a good character, his only fault being over indulgence at times in intoxicating liquors.

The case occupied most of the afternoon, the defense eliciting evidence that the defendant was not in a proper condition to take an oath at the time the perjury was alleged to have been committed, and also some evidence that there was truth in what he said concerning the sale of liquor on Sunday. The jury found a verdict of guilty and recommended the defendant to the mercy of the Court.

THE TIMBER CASE.

The next case taken up was that of Com'th vs. Henry Forbes and Wm. Yates, indicted, on oath of R. L. Brown, for the larceny, in November last, of sixteen sticks of timber of the value of nine dollars each, the property of the Allegheny Valley Railroad Company. [In this case a second indictment, as noted above, was quashed.] The timber was taken in Armstrong county, being a portion of a "creek raft" distributed at different points along the Allegheny river by direction of the railroad company for the purpose of building culverts and bridges. The pieces charged in the indictment were brought to the city and found, as alleged, in the care and keeping of the defendants, having been taken from Gray's eddy, a mile above Mahoning. On trial at adjournment.

Wilkins Township Election.

The election of Wilkins township was held on Friday, March 15th, 1867, for township officers:

For Justice of the Peace.—Lyke B. Davison, 188*; Jas. H. Ashwood, 91.

For Constable.—Elijah McWilliams, 115*; Henry Carrick, 143.

Judge of Elections.—Wm. Swisshelm, 165*; Thos. Fisher, 128.

Assessor.—Wm. Swisshelm, (no opposition) 283.

Assistant Assessors.—John Perchment, 280*; James McKelvy, 165*; Henry Swift, 122.

Supervisors.—Lewis Fogle, (no opposition) 283; John Rice, 149; Elijah McWilliams, 141.

School Directors.—James Kelly, 165*; Geo. Harrison, 150*; John Black, 149; Thomas Anderson, 132.

For Auditor.—John Shaffer, 174*; Washington McClure, 134.

Attempted Larceny of a Revolver.—Yesterday afternoon a boy who had been making a trifling purchase at Mr. J. H. Johnston's Great Western Gun Works, was observed, on going out, to pick up and pocket a second hand revolver. He was stopped and held in custody till Alderman Taylor's constable secured him. He was committed to jail for a hearing.

Photography.

At a late meeting of the British Inventors' Institute, a Mr. Pouncy, of Dorchester, read a paper on "Sun Painting in Oil Colors," and exhibited various specimens of photography by a system he recommended. The photographic prints exhibited were on paper, canvas, panels, copper, &c. In the course of some remarks, Mr. Pouncy described the various manipulations connected with the process, explaining them as he proceeded. The sensitive medium used is bitumen of Judea, dissolved in turpentine, benzole, or other hydrocarbon, with which is ground up oil color of any desired tint. The pasty mass is then brushed over a thin sheet of translucent paper and dried in the dark. When dry, the sheet is exposed under a photographic negative to daylight or a strongly actinic artificial light, which hardens or renders insoluble those parts to which the transparent parts of the negative have permitted access of light. After some minutes' exposure to light, the picture is washed in turpentine, benzole, or any other solvent of bitumen. This dissolves those portions which have not been affected by the actinic rays, leaving the remainder firmly attached to the paper, in quantity proportional to the amount of light which penetrated the different parts of the negative. The picture is now complete, and may be transferred, as in the lithographic process, to cardboard, canvas, wood, stone, &c.

Prosecutor Jailed.

John Murray, the one legged soldier, who prosecuted Thos. McCalloff, (who is *not* a peddlar as stated) for assault and battery, failed to appear before Alderman McMasters yesterday, at the appointed time, and the case was dismissed at the cost of the prosecutor. He came in shortly afterwards and McCalloff immediately made information against him for peddling without a license. In default of bail the accused was sent to jail to await a hearing. He was very desirous of prosecuting McCalloff for the larceny of $15 which he said McCalloff's brother-in-law stole from him.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, March 20, 1867.

The following are the New York stock quotations for to-day: Gold, 134¼; 1881 bonds, 109; Five Twenties, old, 109¾; Five Twenties, '65, 107¾; do new, 107; Seven Thirties, 105¾; Michigan Southern Railroad, 76¾; Cleveland and Pittsburgh, 82½; Pittsburgh, Fort Wayne & Chicago, 97; Erie, 60; Chicago and Northwestern, 36¼; do preferred, 65½; New York Central, 105⅝; Chicago and Rock Island, 97¾.

—The Cleveland and Pittsburgh Railway Company have declared a half-yearly cash dividend of four per cent, payable on the 20th of April—the transfers to close on the 10th. The new board of directors have also called a general meeting of their shareholders to decide upon the disposition of the income standing to their credit (but represented in the new station property and equipment of the road) under the previous administration of the company.

—The United States Seven Thirty notes were reduced during the whole year 1866 about one hundred and twenty-six millions, leaving $676,856,500 outstanding at the beginning of this year. On the first instant this had been reduced to $652,793,050. The conversion at the rate of February (thirty-one millions per month), would take over twenty months. When these notes are exchanged for Five Twenties (as nearly the whole of them undoubtedly will be), the annual coin interest will be carried up to over $130,000,000.

—The Boston *Post*, of Monday, says: There were no new developments today in regard to the late financial explosion which involved several banks, the United States Sub Treasury (Boston) and a number of individuals. It appears to be the general impression that new light on this subject will burst forth in a few days. No arrests are reported as yet, and one of the latest reasons given, is that there is no United States Marshall here to attend to it.

—The important question, "what is a pound sterling in this country?" was recently determined in a suit before the Marine Court, New York. The facts of the case being conceded, the issue was simply on the question above propounded. Two promissory notes, payable at maturity, in pounds sterling, at bankers' rates for sight drafts on London, had been given in payment for a bill of goods. The notes being protested, the defendants offered payment in greenbacks, as being the equivalent of gold under the Legal Tender act. In behalf of the plaintiff it was claimed that the rate of bankers bills for sight draft on London must be computed in the currency in which the bill would be paid for; that it should not be permitted to prove the value for gold, and tender the equivalent in greenbacks; that "bankers' bills," like any other commodity, must be presumed to be bought and paid for in "legal tender," and that it required some six dollars and sixty cents in legal tenders to pay for every pound sterling in the bankers' bills; and, consequently, plaintiffs were entitled to claim the value for the pound at that rate, and so the Court decided.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, March 20, 1867.

The produce markets were moderately active to-day, and with an improved demand for some articles, especially, Grain, a firmer feeling exists, and the volume of business, in the aggregate, was considerably larger than for some days past. Prices, generally, are tending upward, and as always is the case, under similar circumstances, a speculative feeling is beginning to be developed.

GRAIN—Wheat is in demand, and in limited supply; sale of 1 car No. 2 spring at $2,70, and 1 car Winter at $2,85. There is an active demand for Corn for shipment, and prices are higher; sale of 1 car common Shelled at 75, and 2 do prime at 78. Oats firm and tending upward; sale of 500 bushels, on wharf, at 52; 300 bush, in elevator, at 55, and 300 bush, in store, at 55. Barley is in demand; No. 1 spring sells readily at $1,00—might bring a fraction more. Sale of 1200 bushels Rye at $1,45—a material advance.

FLOUR—Is firm, with a fair local demand, and limited supply. We continue to quote at $12 to $12,75 for good to choice Spring Wheat brands; $13,50 to $14,50 for Winter Wheat, and $16 to $17 for fancy brands. Rye Flour quoted at $7,25 to $7,50—sales of Buckwheat at $3,25 to $3,50 per cwt.

PROVISIONS—Bacon is firm at 10 to 10½ for Shoulders; 11¾ to 12 for Ribbed Sides; and 15½ to 16 for Sugar Cured Hams. Lard is held firmly at 13, for prime kettle rendered, in tierces. Mess Pork, is held at $23—demand light.

BUTTER—There is a continued good demand for prime fresh Roll Butter, and prices are well maintained, ranging from 31 to 35—sales of choice reported at 36 to 38, but these are extreme prices. Common Butter is plenty and dull.

EGGS—The market is steady with a demand about equal to the supply, and prices are unchanged at 22 to 23.

HAY—Prime baled Hay is in demand and sells on wharf and track at $24 to $25, while common and inferior is hard to sell at any price.

SEEDS—Sales of Clover at $8,50, and Timothy at $3 to $3,25. Flaxseed is wanted at $2,85.

MILL FEED—Sale of 1 car Middlings at $1,90 per cwt.

APPLES—Market steady and prices are maintained, with regular sales at $3,50 to $4 per bbl, for good to prime, and $4,50 for choice.

POTATOES—There is no improvement to note in the demand, and while the market is dull, prices are unchanged at 75 to 80 per bushel.

BEANS—Regular sales of prime white at $2,75 per bushel.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, March 20, 1867.

CRUDE—There was an improved demand for Crude to-day, and while the market was more active and firmer, prices have undergone no quotable change—6¼ to 6½ on the spot, as well as to arrive, according to gravity. Sale of 1000 bbls, to arrive, at 6¼; 2000 bbls for April, at 6¼; 1000 for April, at 6¼; 3000 on first water, at 6¼; 700 to arrive, on first water, at 6½; 3000 to be delivered between now and the fifteenth of May, at 6½; 1000 to arrive, at 6¼, and 136 bbls, (42 gravity) on the spot, at 6¼. The advices from Oil City are rather conflicting, though the tendency there, as here, is upward—latest quotions, $2,15 to $2,25.

REFINED—The market for bonded oil is considerably firmer, in consequence of an improved demand, and if anything, prices are a shade better. We have but a single sale reported, 2000 bbls prime light straw to white, for future delivery, on private terms—sale yesterday of 500 bbls, on the spot, at 30. To-day, spot oil could probably have been sold at a slight advance, say 30½, on cars here, and 26 to 25¼ delivered in Philadelphia, for prime light straw to white. The cause for the apparent firmness may be attributed to the improved demand, and it seems that some of our own people are offering to pay more than eastern buyers, considering oil a good and safe investment at present prices. Free oil is dull and unchanged.

—Since the above was put in type, we have the following additional sales reported: 6000 bbls crude at 6¼; 150 bbls Virginia crude at 15, bbls included; and 500 bbls bonded oil, for August delivery in Philadelphia, at 28¾.

Cincinnati Market.

CINCINNATI, March 20.—Flour unchanged and steady; superfine $9,75@10,25; for trade brands $11,50@13,50, and $14@16 for fancy brands. Wheat unchanged and steady; No. 1 spring $2,50, No. 2 $2,35. Corn irregular and prices generally higher; closing at 74c for No. 1 in elevator, and 84@85c in sacks. Oats steady and unchanged; No. 1 53@54c. Rye advanced to $1,45@1,48, and at the close it could not have been bought below $1 50. Barley steady at $1,20@1,30 for Spring and $1,55@1,60 for Fall. Cotton dull, prices are nominal at 28c for middling uplands. Whisky firmer at 26@27c, in bond. Mess Pork less firm and hardly any demand; city could not have been sold at over $22,50 at the close, nor country at better than $22,00. Bulk Meats ¼c lower; sales of 250 000 lbs, at 8½@10c for Shoulders and Sides; closing firm at these rates. Bacon in good demand at 9¾@11¾@12½c for Shoulders, Sides and clear Sides, as plain Hams 13@13½c, and Sugar Cured 15@15½c with a fair demand. Lard firmer; sales of 700 tierces city at 12¾c. Butter firm, for fresh, at 30@35c. Cheese in moderate demand at 16@17c, for common, and 18@19c for factory and English Dairy. Clover Seed steady at $8,75@9,00; latter rate for prime. New Timothy dull at $3; Flax $2 80@2,90. Linseed Oil dull at $1,37@1,40. Sugar steady; raw 11½@13. Coffee firm and in good demand at 25@29c, the latter for very choice.

New York Dry Goods Market.

NEW YORK, March 20.—The market for printed Calicoes is moderately active, and prices firm, under the recent advance in clothes and cotton, but there is no improvement in price, except Sprague's new styles; some of which being jobbed at 17¼. Staple styles—plain cotton, both brown and bleached unchanged. Cottonades in better request at low rates; farmers and mechanics are reduced to 45c. Desirable styles of woolens, in tasty patterns, and fine goods sell well at improved prices, but undesirable makes still dull.

RIVER NEWS.

The river was apparently at a stand last evening, with six and a half feet in the channel by the Allegheny marks. The weather has moderated somewhat, and the indications last night were favorable for rain. The telegraph reports the Allegheny falling at Oil City, with but twenty-seven inches at that point.

The Allegheny packets have been obliged to lie up for the present, owing to low water, but they are still receiving freight, and will start out on the first rise, and we are of the opinion, that they will not have to wait long. The Monongahela River packets appear to be doing a very fair business, that stream being in excellent navigable condition.

Some of our people who went to Cincinnati on the Great Republic have returned home, having come through by rail. They speak in glowing terms of their trip on that fine steamer, and especially of the kind treatment received at the hands of the officers, and it is said that she caused fully as much, if not more, excitement in Cincinnati than she did here.

The Argosy, for Cincinnati, Sherman, for St. Louis, and the Savanna, for the Upper Mississippi cleared yesterday. The Savanna and Sherman each had good trips, and the Argosy, also had a very fair trip, notwithstanding she only had part of a day to get it in.

There were no arrivals aside from the regular packets, and there are no boats due, we believe, for the next day or two. Business continues continues dull at the landing, freights for all points being scarce.

It is reported that Capt. J. H. Porter intends placing the Ezra Porter in the Pittsburgh and Cincinnati trade, in connection with the Argosy and Maggie Hays. The Porter is a staunch and commodious sidewheeler, and almost new, having made but two or three trips, and will be quite an acquisition to the trade. If this arrangement is perfected, we will have three boats running regularly between here and Cincinnati, one leaving here every other day.

The Ida Bees, Capt. Brown, is filling up steadily for Cincinnati and Louisville, and will be the first boat out. The Dubuque, Capt. J. W. Parker, will be the next packet for the Upper Mississippi.

The Kenton, Capt. Dunlap, will be the first boat out for New Orleans, and the Glasgow, Capt. Johnston, is next on the list for St. Louis.

The Maggie Hays, Spray and Columbia were advertised to leave Cincinnati for Pittsburgh on Tuesday, and the Great Republic was up to leave for New Orleans on Wednesday.

The Berton ran into the bank at the Red Fork of the Arkansas river, tearing off part of her guard, and losing some some freight, one deck-hand and one soldier of the Twenty-ninth Infantry. The following boats have been compelled to throw away $200 for the "America" lock-up at Memphis: St. Patrick, Gleanor, Des Arc, Rose Hambleton, Mollie Hambleton, Peesta and Dan Able. The latter boat goes $400 worth—two of them.

The St. Louis *Republican's* Cairo special says the crew and passengers rescued from the steamer Mercury, recently sunk in Arkansas river, had arrived at that point. Many of the passengers were badly frozen from standing in the water, the shallowest place they could occupy being four feet deep. Captain Dickenson reports the crew of the George D. Palmer plundered the wreck of the Mercury; and after those saved from the wreck were transferred to the Palmer, their baggage was rifled, and even the underclothes of the ladies, and boots, shirts, &c., of the men were stolen. Capt. Dickenson charges the carpenter of the Palmer with being at the head of the robbers, and implicates her captain, clerk, and other officers in the transaction. Seven men, who floated down the stream on cotton bales, lodged against some drift below, and while there four of them were killed by a tree which was blown down by the storm. Two hundred and twenty-five mules were drowned by the sinking of the Mercury.

The same paper says: John Shaffer, the late United States Local Inspector of boilers, is now engaged in putting up "locked safety valves," which he guarantees to give satisfaction, not as the "America" is guaranteed by the showing of a "Witzig" order, but, by waiting until the valve has been fully and satisfactorily proved by the use. The valves are put up for $100, to be paid when the Captain of the boat is fully satisfied.

The streets of the city of Cairo are over seven feet below the surface of the Ohio river, and the water still rising; it is within one to three feet of the top of the levee, and is now as high as ever known. The river is forty miles wide at that point.

The Mississippi river is running into the St. Francis river through a cut a few miles above Cairo. The town of Smithland, at the mouth of the Cumberland, has been flooded by the high waters, and half the inhabitants have fled to higher ground.

The Louisville *Journal*, in speaking of the Great Republic, makes the following sensible remarks:

When she comes here all those interested can compare her with her great rival, the Richmond. When the two are side by side it will not take long to decide which is the more elegant model and all the other disputed points.

The law making appropriations for the improvement of rivers and harbors has the following, among other items: Improvement of the Ohio river, $100,000; improvement of the mouth of the Mississippi river, $250,000, building and operating two dredges and snag boats, to be used on the Mississippi river, between Fort Snelling and Rock Island Rapids, $95,000; improving the navigation at Rock Island Rapids, $300,000; improving the navigation at Desmoines Rapids, according to such plan as the Secretary of War shall, on the report of the Board of Engineers, approve, $500,000—provided, however that any canals that may be constructed around said Desmoines or lower rapids of the Mississippi, shall be, and forever remain free to the navigation and commerce of said river, and no tolls shall ever be collected thereon.

CONSUMPTION

Our son, JAMES PAINTER, some three years ago was afflicted with consumption of the lungs for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

JAMES PAINTER.
MARY ANN PAINTER.
Temperanceville, Sept 5th, 1866.

PITTSBURGH, December 21, 1866.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 6th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle, I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think that it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE.

Witness—R. M. KERR. Peebles township.

A case of five years' standing cured by Dr. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1866.

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

WHOOPING COUGH.

Below will be found a certificate from Doctor M. DUPUY, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 28, 1866.

DR. KEYSER: Dear sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believed to be that malady. We administered your syrup liberally and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial. Yours,

A. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa. in reference to Trusses and other mechanical appliances for the cure and relief of hernia, rupture, besides various broken-down conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store, Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of Hernia or Rupture, so perfect in its parts and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied that all those who have been plagued or annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M., and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome, will wear out of themselves, for that no remedy will avail in effecting a cure; in this way many persons have suffered through half a dozen years, who might easily have been relieved at the outset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated, or as is often expressed, TAMPERED WITH; hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand us we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he is entirely recovered, and can now hear as well as ever he did.
